I think tomorrow sounds best, I'm free any time but 2-3PM. If you can propose a time you and Megan could be on the call, that would be great; I'll work around your schedules. I appreciate your flexibility in reviewing these citations from your upload!

Lou – I am available until 3 today and tomorrow anytime other than 10-11 am. It would likely be best to have Megan on the call if there are questions about the upload, but she is not available until tomorrow. If you want to send me some examples or a list of discrepancies I will try to get a handle on the issue(s) before we talk.

Heather

Hi Heather,

Do you have any time for a phone call in the next 48 hours? I'm getting some discrepancies between the pdf you just forwarded and what was uploaded. Shouldn't take long to talk, but I just want to confirm a few things. If I should direct this to Megan since she ran the searches, let me know and I can email her.

Thanks!

-Lou
